SKILLS

- ❖ **Java, Javascript, Typescript.**
- ❖ **HTML, CSS, Javascript, React, Nodejs, Expressjs, MongoDB, PostgreSQL, Redis, Prisma.**
- ❖ **Data Structures and Algorithm.**

EDUCATION

- ❖ UET TAXILA

EXPERIENCE

- ❖ **Freelance Full Stack Developer** *(2023-present)*

Developed and deployed full-stack applications, handling both frontend and backend tasks. Utilized React, Node.js, and Tailwind CSS for seamless user experiences and efficient functionality.

- ❖ **Frontend Developer | Kumele**
(2023-2024)

Converted Figma designs into responsive React components using Tailwind CSS. Collaborated with backend developers to ensure seamless API integration and efficient development.

PROJECTS

- ❖ **Video/Text Chat App**
Developed a Video/Text Chat App with real-time messaging, video calls, and user authentication. Ensured a responsive and user-friendly interface. - Prisma, TypeScript, Node.js, React, WebRTC, Socket.io, Tailwind CSS.
- ❖ **Discord Clone**
Built a Discord Clone using Next.js, replicating key features like real-time messaging, voice channels, video channels, text channels, and user management. Focused on creating a scalable and responsive interface with modern web technologies. - Next.js, React, Node.js, WebRTC, Socket.io, Tailwind CSS.
- ❖ **BizBreaks**
Developed a hotel booking platform similar to Booking.com using Node.js, Express, and TypeScript. Implemented features such as advanced search and filtering, real-time availability, secure payment processing, and user management. - Node.js, Express, TypeScript, PostgreSQL, Stripe.

❖ **SAAS Finance Management**

Developed a SaaS Finance Management platform using Next.js. Implemented features for budgeting, expense tracking, and financial reporting. Focused on creating a scalable and intuitive user interface, ensuring seamless performance and user experience. - Next.js, React, TypeScript, Tailwind CSS

Achievements :

- **Knight's Badge** on LeetCode for exceptional problem-solving skills and consistent performance.
